DEMEURE PRIVÉE & SPA

Exceptional stays in the largest private garden in Avignon in Provence

THERE ARE
SOME
PLACES

...

THERE ARE SOME PLACES WHICH SEEM TO HAVE AN ETERNAL SOUL, TRANSMITTED DOWN THE AGES, FROM ONE OCCUPIER TO ANOTHER. CERTAIN INDIVIDUALS HAVE THE GIFT OF GIVING FREE REIN TO THE SPIRIT PRESENT WITHIN THOSE WALLS, OF RESPECTING THE BUILDING'S UNIQUE CHARACTER, LISTENING TO THE ECHOES OF ITS PAST, READING THE LINES OF ITS OWN STORY.

This is true of the lucky owner of La Divine Comédie, Béatrice, who have devoted with the previous owners and decorators Gilles and Amaury themselves, heart and soul, to breathing life into one of Avignon's most spectacular private residences, using their creative talents and impeccable artistic taste to bring out the very best in every inch of the 2 600 m2 space...

RARE
&
PRESTIGIOUS...

ONE SUSPECTS IT FROM THE OUTSIDE, WHEN THE WIND STIRS THE FOLIAGE OF THE SECULAR PLANE TREES THAT DOMINATE THIS SPACE OF UNPRECEDENTED CALM IN THE HEART OF THE HISTORIC CITY OF AVIGNON.

La Divine Comédie is, first and foremost, a garden to be found behind high walls. Catch your first glimpse from the outside, as the gentle breeze stirs the leaves of the ancient plane trees, hinting at this oasis of calm, right in the city centre. The light and airy house can be seen through the open gate, inviting and casting a spell over its visitors, who can all too easily fall in love with its mysterious, mesmerising charm. The garden and the house come together to tell an enchanting, enticing tale of discovery and pleasure. Pass through the open doors to enjoy the hedonistic pleasures of La Divine Comédie, a dreamlike, but very real, paradise. This hidden, almost secret, gem offers huge rewards to those who take the time to seek it out!

What a reward once you open the entrance door.

THE GARDEN...

OUR GARDEN, THE LARGEST PRIVATE GARDEN IN AVIGNON, IS, IN MANY WAYS, THE MAIN « ROOM » AT LA DIVINE COMEDIE

The previous owners Amaury and Gilles wanted to create a true haven of calm and tranquility in the heart of the city. The garden features over 100 different species of plants, and is home to a magnificent 15m pool, hidden from the public eye. It also plays host to our spa, where visitors can enjoy a range of treatments (subject to booking) whilst admiring the views of the Popes' Palace.

THE FOLLY – SPA OUR WELLNESS CENTER

In the heart of the garden, overlooking the pool, stands the wellness area; a delight. Lit by candlelight, it's the perfect place for some private relaxation. The interior is designed to be enjoyed by just two people at a time.

LES SUITES

THE SUITES, ALL UNIQUE AND TIMELESS ARE AN INVITATION TO CURIOSITY, TRAVEL AND RELAXATION

VENISE

features a collection of over 40 18th and 19th Century oil paintings of the Italian city, set against a backdrop of blue and grey tones. Enjoy the beauties of Venice without leaving Provence!

NAPLES

is home to a stunning collection of Italian paintings. The artworks are set off by the matte grey walls of the main room.

APHRODITE

features a spectacular round bed, surrounded by soft, diaphanous draped voile, the perfect place to relax in privacy. The suite is decorated in soothing greys and blues, reflecting the soft tones of an 18th Century. A number of extremely fine orientalist paintings add to the overall effect.

CONSUL

is decorated in the style of the Napoleonic period, when the fashion was for all things exotic. A collection of lithographs in the antechamber sits alongside a superb collection of antique trunks. The typical furniture, notably the armchairs – replicas of the throne of Tutankhamun – is set off by a palate of warm cumin, black and brown tones.

ANATOLE

tells the tale of Uncle Anatole, a seasoned traveler recently returned from abroad, bringing a whole collection of souvenirs.

LES SALONS

THE PREVIOUS OWNERS DESIGNED THEIR HOUSE AS A PLACE TO SHARE THEIR PASSION FOR ART IN ALL OF ITS MANY FORMS.

This is reflected in the salons and the winter garden, which feature a collection of art from the 17th – 20th Centuries and a vast library, devoted to art and decoration.

The salons are home to a notable collection of 200 different images of Avignon, featuring engravings, oil paintings and watercolours from the 17th – 19th Centuries: a unique collection which previously belonged to the Popes' Palace.
